I've just updated the Microsoft 365 Vector Icon Set! Several apps have received refreshed designs: Access, Clipchamp, Defender Antivirus, Excel, Family Safety, Forms, OneDrive, OneNote, Outlook, Planner, Power Platform, PowerPoint, SharePoint, and Teams.

Each icon now follows Microsoft's latest Fluent/Fluid aesthetic — cleaner geometry, balanced proportions, and a vibrant colour palette. There's also a new addition: the Power Platform icon joins the collection for the first time.

Old versions haven't been removed; they're simply tucked away in the Figma file for those who want to reference or reuse them.

This update continues the slow but steady evolution of Microsoft's design language — familiar, yet always in motion.
